iForward 2026-2027 enrollment guide

Welcome to iForward! We are thrilled you're here.

That's why we put together this short, one-page guide. This is your cheat sheet to apply to iForward throughout the year. Switching schools can feel like a lot, and we want to make it easy.

To apply in the summer for a Fall 2026 start:

Beginning July 1, the Alternative Open Enrollment Application (AOEA) form will be available on the "Apply Now" page of iForward's website.

You'll simply download the form, fill it out (it's an editable .pdf), and return it to our enrollment team along with the other required documents. From there, our enrollment team will be in touch with the next steps.

To apply during the school year for the current year:

Between the beginning of the school year and March 18, 2027, you'll still use the AOEA form to apply to iForward.

However, you will need to pay careful attention to the application windows posted on our site. We want your student to make the most successful transition to online learning, and so there are periods each quarter where applications are closed until the next quarter gets closer.

For example, Q1 applications will close in mid-September. Applications will remain closed until we start taking Q2 applications in early October. At that point, your application will be processed for a Quarter 2 start date. This helps your student have a successful experience at iForward by minimizing the amount of catch-up work they'll need to do.

To apply during the 2026-27 school year for the upcoming 2027-28 school year:

Finally, from February 1, 2027, to April 30, 2027, you will apply through the Wisconsin Department of Public Instruction for Fall 2027. All of the Apply Now links on our website will take you to exactly the right place. Applications will then be closed for May & June, reopening in July using the AOEA application.

Still have questions? We are here to help. Use the contact info below to get in touch with our enrollment team.

WE CAN'T WAIT TO SEE YOU!
